

## ClickAbility Classes at Crosskeys

All Clickability classes use clicker training and offer the most modern, enjoyable and satisfying methods of training available. All classes are small in number to ensure that we can offer the best in individual attention. Our aim is for you to have a successful and rewarding relationship with your dog, and believe that classes should be interesting, rewarding and enjoyable as well as kind, fair and effective! All courses are five weeks' in duration and last for one hour per week.

For times call the booking number on 020-8590-3604

### Your Puppy's Early Learning Clicker Class

(Puppies need to be 18 weeks or under at the start of the course - but the earlier the better!) Don't leave it too late! Puppies learn amazingly fast and these classes are intended to allow them to build confidence and social skills with adults, children and other puppies in a controlled environment as well as learning their ABC's of training.

### Beginners Clicker Training

(For older puppies which have missed out on puppy licker class and dogs which need basic training) This beginners clicker class is intended to help you understand how your dog learns and to give you both an opportunity to enjoy some training with our help.

### Graduate Clicker Training

The classes are exclusively for dogs, which have already taken a puppy or beginner course at Crosskeys Further skills, tricks and individual training goals are the focus for this course. If you want your dog to join the ClickAgility class or go into Film work- this is the course for you!

### Individual Behaviour consultations

One-to-one training is offered for owners who want that extra personal service. These sessions varying in duration and price, according to your needs. Call the office for more details.

### Aggression control classes

The group classes for dogs on rehabilitation who have in the pass had similar problems (Maximum 4 Dogs)

### Click AGILITY Classes at Crosskeys

Beginners from Westie to Irish WolfHound , the fun agility classes offer a chance to have fun with your dog in a relaxed outdoor environment. The emphasis on these ClickAgility classes is gentle control, not on competition agility. This means that even young puppies can take part, using the obstacles for confidence-building. All the agility takes place outdoors, off-leash. We strongly advise that you attend a basic course of lessons first.

Intermediate. This class is for the competition type trainer where precision and reliability is a must!

### Small Groups For Individual Tuition

All our courses are small and limited to just six dogs to ensure everyone gets proper care and attention at all times. The courses are specially designed to get the right dogs and owners in the correct programme to achieve the very best results.

For times call the booking number on 020-8590-3604

Clicker Training with Stephen G. King

Click Start your Clicker Training with a ONE DAY WORKSHOP at Crosskeys Dog Training & Behaviour Centre

The course includes:

- How to increase desirable behaviour!
- How to decrease undesirable behaviour!
- How to teach your dog what is safe to do!
- How to teach your dog what is not safe to do!
